

Emma's Art Cart/Kits

Art Supply Wish List

501 c 3

Emma has been battling brain cancer since the age of 7. When she was in Lisa Durst's art class in 2014, the two of them launched and established Emma's Art Cart at Riley Hospital for Children. Emma's dream is to place art kits in the hands of as many patients as possible to help them cope and heal through art. To date the two have delivered 1700+ kits to Riley, Valle Vista Behavior Health and the Johnson County Juvenile Detention Center. Peace of Heart is in the process of expanding to Peyton Manning's Children's Hospital as well. Some of the art supplies are listed below. Any monetary donations are used to purchase more carts, bags, labels and art supplies for Emma's Art Cart kits. Checks can be written to Lisa's Non-Profit called **Peace of Heart**, the parent non-profit organization that started and operates Emma's Art Cart.

Thank you for supporting our Mission: healing through expressive Art!
